PURE RELIGION, UNTARNISHED DEMOCRACY AND GOOD GOVERNMENT.

From "The Land of Now."

TWENTY FIRST YEAR.

LANCASTER, KY., FRIDAY, SEPTEMBER 30, 1910.

NUMBER 25.

FALL OPENING FRIDAY and SATURDAY Sept 30th and Oct 1st.

This formal style show--our great annual event--will be held here Friday and Saturday.

These affairs have become famous throughout the entire surrounding counties. It is the one and only authentic display of Ladies' apparel, a correct portrayal of Fashions latest fancies. We present an opportunity to view the most exclusive creations in

Ladies' Street Suits, Cloaks, Skirts, Waists, Silk Petticoats, Scarfs, Veils, Neckwear, Belts, Bags, Hair Goods in Rolls, Puffs and Switches. A superb exhibition of rare Trimmings, Silks and Dress Goods. A large line of Ladies' Notions unsurpassed in the large cities.

We Extend a Cordial Invitation to Each and Every Lady in this Community to Come and View this Gorgeous Display.

R. H. Batson.

Lancaster, Ky.

Every Lady calling at our store Friday will receive a Souvenir.

Trial of Shay Pelman in Lincoln County

On Wednesday, pursuant to a call heretofore issued, Judge Walker convened a special term of the Lincoln Circuit Court at Stanford to try the negro, Shay Pelman, accused of rape. Sheriff McCarthy brought the accused from Louisville where he had been confined, he was met at Lebanon by a company of forty three state guards from the Somerset company in command of Capt. Henry Waddle and escorted to the Stanford jail without incident or molestation on Tuesday night.

A grand jury was promptly empaneled and in his charge to this body Judge Walker took occasion to say that Sheriff McCarthy and a number of Stanford people were of the opinion that the presence of troops would not be necessary upon the bringing of the prisoner to Stanford for trial, however in view of the circumstances surrounding the case, and in order to preserve the peace and quietude of the community during the trial he had deemed it advisable to have them in attendance.

After their instructions the grand jury retired and after a short deliberation returned an indictment against the accused charging him with rape. To this indictment the defendant "pleaded not guilty". His attorneys, Hon. R. H. Tomlinson of Lancaster and John Sam Owsley of Stanford filed a motion for a continuance of his trial until the next term of the Lincoln circuit court, giving as their grounds that the defendant had been away and that they had not sufficient time to acquaint themselves with the case. Judge Walker promptly overruled this motion and gave the defendant until one o'clock Thursday to prepare his defense, at which time the case will be taken up.

In view of the fact that there was a difference of opinion between Judge Walker and Sheriff McCarthy as to the advisability of bringing troops to Stanford to protect the negro during the trial, and as this difference of opinion has provoked some comment by the press, we quote the following excerpt from an editorial in Wednesday Courier Journal on the subject.

"Sheriff W. L. McCarthy, of Lincoln county, who protested against the use of troops to protect a negro prisoner charged with criminal assault, was doubtless sincere in his belief that he and his deputies could stand off the mob in the event of a mob forming, but Judge Walker, who believed the danger greater than it seemed to the Sheriff, acted with wisdom and discretion in insisting that assurance be made doubly sure by employing a militia. Where there is sincerity on both

sides in such a case nobody can legitimately be blamed, and there should be no rankor in Lincoln county over outcome of the discussion between the Sheriff and the Circuit Judge as to the necessity for employing troops. In case of this kind a stitch in time saves nine. Moreover the nine stitches in the torn fabric of the law aren't taken as a rule after a mob murder has occurred.

The chief end of the officers of the law ought to be to protect the prisoner. The Sheriff who feels that he has the situation in hand should not be blamed for desiring to discharge his duties unaided, but the Judge who holds another opinion should not be blamed for taking what he considers necessary precaution.

Train Accident

L. & N. freight no. 71 was wrecked near Hyattsville about 1:00 p. m. last Monday; it was caused by the track spreading. One car of merchandise and one car of coal left the rails. The wreck was sent down from Paris and the wreck was cleared by twelve o'clock Monday night. The two L. & N. passenger trains which were due here at 2:15 p. m. and 8:30 p. m. did not pass Lancaster until about twelve thirty Monday night. No one was hurt.

Is A Candidate

It will be good news to the many friends of the Hon. Chas. A. Hardin, our present Commonwealth Attorney, to know that he is a candidate for Circuit Judge of this, the thirteenth Judicial district of Kentucky, subject to the action of the Democratic party. Since the death of the late Judge Michael C. Saulley, Mr. Hardin has been urged by a number of good democrats all over the district to make the race and he announces his candidacy at their request and solicitation believing that a majority of the democrats of the district will endorse him. There are no other announced candidates for the nomination at this time and in view of the universal popularity of the efficient Commonwealth Attorney, he will likely have no opposition for the nomination.

The time and manner of selecting the nominee has not yet been determined but in view of the fact that a majority of the committee of this district is pledged to the primary election plan, it is likely that a primary will be called. The final election will be November 1911.

Use of the Flea.

Do not regard the flea with great contempt; it is about the only creature which gets any work out of a dog.—Atchison Globe.

Public Sale!

—OF—

Several Tracts of Land

In order to wind up the estate of the late O. T. Wallace, we will SELL to the HIGHEST bidder, on the premises on

SAT. OCT. 15, 1910

At

2 O'clock,

the following property:

Location:—At Point Leavell on the L. & N. Railroad, between Richmond and Lancaster, and at the intersection of the Richmond and Lancaster and Hammack pike, 5 miles east of Lancaster, Ky. The property will be sold separately in the following order:

1st Tract.—167.22 acres with the improvements, consisting of 10 room modern frame dwelling, large barn, and all necessary outbuildings, fine orchard, fronts on the pike. 50 acres bluegrass, 30 acres in corn, balance in clover and timothy. Very fertile soil.

2nd Tract.—34.02 acres of unimproved land adjoining the above, fronts on pike, all in grass, beautiful building site.

3rd Tract.—3.45 acres at the railroad station with three room store building thereon. Adjoins 1st tract.

4th Tract.—5.18 acres fronting on pike with small dwelling thereon.

TERMS.—1-3 cash January 1st, 1911, remainder in equal payments of one, two and three years, with then notes bearing 6 per cent interest. Possession January 1st, 1911.

This is STRICTLY AN ABSOLUTE SALE, without RESERVE, BY-BID or LIMIT. We stake our reputation on the fact that the person WHO BIDS LAST GETS THE PROPERTY.

This is a magnificent farm and we have prepared a circular letter giving description of the property in detail, which we will be pleased to send anyone on request.

Don't fail to attend this sale. We are ready to show the farm any time. Sale will be held rain or shine.

HUGHES and SWINEBOAD, Real Estate Agents, Lancaster, Ky. COL. I. M. DUNN, Auctioneer.

Notice!

All persons having claims against the estate of Thos. Austin dec'd will present the same to the undersigned, properly verified on or before November 1st, 1910 and all parties indebted to said estate will call on the undersigned and pay at once.

Rachel P. Austin and Annie May Austin, This Sept. 30th, 1910. Executors.

County Court Day.

One of the largest Crowds that we have ever seen in Lancaster was here on last Monday. It was mule colt day and business was certainly lively along this line as well as every other line. Mr. A. R. Denny bought 7 mule colts at an average price of \$112.50 per head. Mr. George D. Robinson bought two head at \$87.50 and one at \$107.50.

Mr. J. E. Robinson bought five. Mr. Cronley Broadus sold to Mr. Taylor latney eight at an average of \$80.00 per head. Mr. Arch Kavanaugh sold to Mr. William Royston at \$35 and Mr. Jim Clark sold one at \$140. The last three named were by the Jack owned by Mr. Tom Yantis. Messrs Ed and N. B. Price bought to mules at an average price of \$75. per head. Men who claim to know say that there were about 150 head in town and that three fourths of them were sold at a good price most of them being bought by Garrard County farmer. Mr. W. B. Burton the hustling horseman bought four good horses at an average price of \$160. and four aged mule at from \$145 to \$185. He also bought of N. W. Rogers 8 mules four to six year old at \$1220. Mr. R. L. Burton bought four aged mules at an average of \$140. Carlton Elkin sold to Oatly Bank a pair of three year old mules at \$315. Capt. Am Bourne sold several plug horses for different parties at from \$30 to \$60. Business at the stock was lively and there was a big crowd there all day wanting to buy. About 250 cattle sold at from \$1 to \$4 cents per pound. 25 sheep sold at \$5.00 each. Mr. W. L. Williams as Master Commissioner of Garrard County sold the Wheeler land to Mrs. Dora Wheeler at \$46.00 per acre. The will of the late late Thomas Austin was probated. He divided his property equally between his wife and his daughter, Miss Annie, except that he allowed Mrs. Annie \$2,000 more than he did his wife.

The store of the Joseph Mercantile Co. will be closed on Tuesday Oct. 4th account of wish New-year and will be closed on Thursday Oct. 13th account of the day of Atonement.

To Oklahoma

Hon. W. I. Williams and Mrs. Williams returned on last Thursday from a five days trip to Oklahoma and announced to their friends that they would move to Tulsa, Okla. on or about Jan. 1st. Mr. Williams will practice law in that city having formed a partnership with Hon. R. L. Davidson, one of the strongest and best lawyers in Okla.

For the past fifteen years Mr. Williams has lived here among us and practiced his chosen profession, having moved here from Campbellsville, Kentucky, where he was born and raised. He is considered one of the leading lawyers, not only at this bar but in the entire state of Kentucky, and has enjoyed a large and lucrative practice at the hand of the Garrard County citizens. He has served us as Master Commissioner in Garrard County under the late Judge M. C. Saulley and was considered one of the best ones that this County has ever had. He had some business with us during his term of office and we at all times found him fair, capable and strict business. He was a hot tip for the high and honorable office of Circuit Judge and had he not decided to leave, the democratic nomination would probably have been offered him and he would have made us a good Judge.

Soft Drink Stands Going The Limit in Richmond.

The Danville Advocate, in its issue last Friday, published an interesting letter from Clarence E. Woods, of Richmond, Kentucky. Mr. Woods was in Lancaster last Saturday, and called our special attention to the letter. We are always glad to know that a good man joins us in this district to oppose "Hop Joints." The letter is as follows: I note with great satisfaction the good work of Circuit Judge, Louis Walker, Police Chief Logan Wood and the trial juries, in bringing the damnable "hop joints" to justice—or as near justice as our defective liquor laws will permit. Keep up your good work. Over here the "soft drink" seem to be trying to go the limit hoping to disgust us with their own audacious conduct so that we will lie down and let the open saloon return. But we too have a valorous chief of police, Jim Allman, and he is doing his part to enforce the local option law to the end that our "hop joints" are being heavily fined in Judge Greanleaf's city court.

I pray that the Advocate may daily hammer upon the sluggish conscience of your better element until those breathing holes of hell shall be closed

Expensive Horseshoeing!

One hundred and forty dollars for street car tickets; \$238.66 for horse shoeing; \$420.55 for soap and brushes! These are a few of the small expenditures of the state department of the government in 1909. The horseshoeing item is a gem as a sample of the much boasted Taft policy of "Cut-to-the-quick" economy. The item of \$237.66 refers to shoeing of four horses for one year.

Welcome Court Day Visitor.

Hon. Harvey Helm, our democratic nominee for Congressman from this district was in town Court day shaking hands with friends and making new ones and urging every one to be at the polls to cast their vote on election day. Our Congressman is a fine fellow and always has a good word for every one. He stated to a Central Record reporter that he was going to make a speech at the Court house on next County Court day. Very well Mr. Helm; we all want to hear you so be on hand.

Generosity of Aldrich

Republican candidates for congress boast of the generosity of Senator Aldrich in permitting a large number of articles to go on the free list in the new tariff law. And Democratic candidates are telling what the free list really consists of. Some of the things that the generous Rhode Island permitted on the free list were: joss-sticks, bladders, dried blood and horse hair. Then there are bird's eggs, lemon juice, turtles and junk. Also acorns, bones, ashes, zaffer, catgut fassils, Brazilian pebbles and oakum.

Patronize Home People

You have often heard these words. Do they not ring in your ears? Do you not feel ashamed of yourself when one of your Garrard county friends happen to see you in another town and county buying goods that you could just as easily buy at home among the people who help our county, who have helped you make money, who are always interested in the things that you are interested in and give to the churches that you and your children attend? By all means patronize home people and we would prefer that you patronize those who advertise in this paper as they deserve something at your hands for it would be impossible for us to exist were it not for the advertisers, except that we charge you three dollars per year where now you pay one dollar.

See the South Bend Steel Range exhibit at Haselden Bros. store. Do not miss it.

State Convention convenes at Newport, September 30th, and October 1st.

W. C. T. U.

Mesdames Rebecca West, Fanny Farra, and Edgar Price attended the District Convention at Danville.

A Growing Army

In the last eight years 90,225 federal collectors have been added to the pay rolls of the national government, at an annual increased expense to the people of more than seventy million dollars.

Tariff Increases Prices

Professor J. P. Norton, of Yale University, declares that the "increased proportionate output of gold" is not the principal cause of increased prices. Prices in this country, under protection, have advanced fifty per cent more than in England, under free trade, he says. In all countries under the gold standard, the output of gold must operate uniformly. Therefore, Prof. Norton concludes, there must be some cause at work in this country. He suspects it is the Payne-Aldrich tariff law.

A Championship Winner.

Mr. R. L. Elkin is the proud owner of the champion Southdown buck lamb of the state. He purchased this prize winner at the Paris fair a few weeks ago after defeating all in his class at that fair.

He was then shipped to the State fair at Louisville where he again proved himself a winner by defeating all breeds in the lamb class. Mr. Elkin refused a fancy price for this lamb by an Eastern party. He is to head a flock of registered ewes that he already owns and the result should be some prize winners for 1911.

Millinery Opening

Miss Reila Arnold, Mrs. Ada Kimball and Mr. R. S. Brown will all have their opening on Saturday Oct. 1st.

They will have on display some of the latest and most stylish hats that the eastern markets can produce and you can get as nice hats here and just as cheap as you can buy in any city. For all three stores have good trimmers who were taught how to trim in the large stores in the city therefore it stands to reason that the hats made here are up-to-date and just as good as you can buy in Lexington or any other place. Spend your money at home and don't send it away where you will never see it again.

FALL OPENING.

We cordially invite you to call and see our immense line of FURNITURE, CARPETS, RUGS and NOVELTIES that we have brought to this market.

F. G. HURT, Lancaster, Ky.

DEMOCRATIC TICKET.

FOR CONGRESS.

Harvey Helm, of Lincoln County.

Hon. Chas. A. Hardin

In asking of his party the nomination for Circuit Judge of the thirteenth Judicial District Mr. Chas. A. Hardin has the decided advantage of a most creditable record as Commonwealth Attorney. His untiring efforts to have the law enforced without discrimination has gained for him the confidence of the people. He has demonstrated to the satisfaction of all that he possesses physical and moral courage. The successful and satisfactory way in which he has conducted the office for nearly seven years which he now so creditably fills is a sufficient guarantee of his integrity and ability. He is entirely worthy of the honor he seeks and the friends he has made by his official duty well done will give every assistance to make him judge of the district. We gladly commend Mr. Hardin to the favorable consideration of the democrats of Garrard county as an able lawyer, and a cultured, christian gentleman. If nominated for Circuit Judge the party will have in Mr. Hardin a popular candidate.

Telephone Franchise

The telephone franchise now pending before the Council of Lancaster does not fix the rates that the purchaser of the franchise may charge to the patrons of Garrard county outside the city. Telephone service has become a necessity with the business people everywhere. No franchise, in our judgment should be sold by the city without rates as are precisely fixed as can be possibly done under the law. This question will be up for consideration next Monday evening before the City Council. All citizens who are interested in the general welfare of the community may find it profitable for the public good to be on hand at the Police Court Room at this meeting.

How about our Graded school building? Is every body to drag along with this old building when it is not large enough to accommodate the pupils? The only question in our mind is whether it is best to build a new chapel next to the old building and keep it for the first eight grades, or to tear down the old one and build one large up-to-date building. What says the good people who are interested in the upbuilding of our town and community, the advancement of education and the health of the school children?

It is with regret that we learn that W. I. Williams and his estimable wife are to leave us on the first of November. Mr. Williams is a learned, fine citizen and a good citizen. The community, the town and Lancaster Christian church

will miss his good work. We dislike to see them go to another town and state for there is no better land than "Old Kentucky", and it will be hard to find a family to take their place among us. We wish them success in their new field.

The Cortright Metal Shingle Advocate is out for September. bright, breezy and full of useful hints for those intending to build, as well as those who have to do the actual work. There are thirty-five thousand receiving this issue, and if you are not one of them it is your own fault, as the Advocate is free to anyone who asks for it. A postal to the Cortright Metal Roofing Company, Philadelphia, Pa. will insure your name being on their mailing list.

We were in Stanford a few days ago and my goodness what a nice Court house Lincoln County has. The record rooms are up-to-date and all the records are not or will not become mired like ours. Why in the world can't Old Garrard County have a new Courthouse or at least have she old one fixed.

The park is unquestionably the place for our Government building. The man that Uncle Sam sent here a few days ago liked the park for a location fine, so let's all pull together and have the building there. We have never heard one reason advanced as to why the building should not be placed in the park.

In our last issue we stated that it was reported that Mr. S. D. Turner was a partner in the hop business on depot street. We are indeed glad to state that Mr. Turner advises that the report is untrue and that he has no interest in the business. It is being operated by a Mr. Dudley.

Senator Elza Betram will oppose Caleb Powers for congress in the bloody eleventh. The Senator will run a good race and has a fighting chance to win. Some of the leading Republicans of the district are against Mr. Powers.

Hon. Olie James, member of congress from the fifth district has announced his candidacy to succeed Sen. Paynter in the United States Senate. Mr. James is certainly a very able man and would perform well the duties of this high office.

The tobacco situation seems to be worrying some of our people. We leave the question for you to decide, however be sure you are right before you act.

We are indeed glad to know that Dr. E. H. Pearos has been assigned the Lancaster and McKendree church for the ensuing year. He is a fine man and our people are lucky to get him for another year.

There came through the port of New York, for the fiscal year ending June 30, 1910, in round numbers \$45,000,000 worth of diamonds as compared with \$28,000,000 for the previous year.

President G. Stanley Hall, of Clark University, says "Woman, who was once thought soulless, comes nearer to having two souls than does man."

A headline reads: Tariff hurts. Just wait until about the first Tuesday in November, and it will hurt worse."

The Maine election will have a big influence on the independent vote all over the country.

Who Will The Democrats Nominate?

Since the Democrats of Tennessee are without a candidate for Governor now, and are greatly in need of a good clean, conservative man who can unite all factions and carry their banner to victory this fall, we would suggest the name of Hon. Felix G. Ewing. In his great fight against the Tobacco Trust, he has clearly demonstrated his ability both as an executive and a leader, and we do not believe a better

man could be found at this late hour for this great undertaking. "Cadiz Record"

It is to be hoped that whoever the nominee may be that he will be a man of courage and one capable of leading the democratic party of Tennessee out of the awful position that the former governor, Malcolm Patterson, has placed them in. We agree with our friend the editor of the Cadiz Record that a good clean, conservative man is needed one that will endeavor to vice away some of the shame that holds to some of the democrats of the State of Tennessee for the murder of such an honorable man as Sen Carmack.

Tobacco Meeting.

A large crowd of tobacco growers of this county were present at the meeting held at the court house on county court day. Mr. Bradley Wilson spoke for about one hour in the interest of the pool. This was about the most enthusiastic tobacco meeting ever held in Lancaster. The meeting adjourned after electing a committee consisting of five citizens. This committee was instructed to go to Lexington and attend the meeting of the Burley Tobacco Society on Tuesday and Wednesday, Sept. 27 and 28 and report back to a mass meeting to be held at the Court House Saturday afternoon, Oct. 1st, at 1:30 pm. Every tobacco grower is urged to be present at this meeting so as to hear the report.

The committee consisted of Messrs. Arch Walker, Arch Kavanaugh, Joe A. Ross, Wm. Rose and Wells.

A similar meeting was held at Paint Lick last Saturday at which Messrs. Woods Walker, W. G. Kemper, Winn and Walker Guyann were elected.

A similar meeting was also held at Stanford last Saturday when Clarence E. Tate, W. D. Adams, Jim Williams N. Carter, and Mr Beck were elected and instructed to attend the Lexington meeting. Each of these Committees will report back to their respective places, Saturday October 1st, at 1:20 P. M.

Advance Census Reports.

Number of families owning phonographs, 2,264 721.

Number of men holding worthless checks and invalid promissory notes, 72,986,279.

Number of cities where taxes are reasonable, 6.

Number of women who like the hobble skirts, 0.

Number of women who will wear the hobble skirt, 786,342.

Number of individuals who take a vacation annually, 54,428,674.

Number of individuals who annually return broke, 54,428,674.

Number of men who threw away their winter overcoats last spring, 3,459,287.

Number of men who will search the attic for those coats this fall, 3,459,281.

The Cost Of Rooseveltism.

The total expenditures of the United States Government from the inauguration of Washington in 1789 to the beginning of the civil war in 1861 were \$1,795,273,344.14.

The appropriation bills signed by Theodore Roosevelt during his second term in the White House, from March 4, 1905, to March 4, 1909, authorized expenditures amounting to \$3,522,982,816 87.

Four years of Rooseveltism cost twice as much as the first seventy two years of the Republic!

One term of Theodore Roosevelt took twice as much money out of the pockets of the American people as the combined terms of Washington, Adams, Jefferson, Madison, Monroe, John Quincy Adams, Jackson, Van Buren, Harrison, Tyler, Polk, Taylor, Fillmore, Pierce and Buchanan.

During the seventy-two years covered by the Administrations of these fifteen Presidents the United States Government paid the Revolutionary war debt incurred by the States. It paid the cost of the war of 1812. It paid the cost of the Mexican war. It bought Louisiana. It bought Florida. It paid for the Gadsden Purchase. It acquired all that vast extent of te-

ritory from the Mississippi River to the Pacific Ocean.

What have the American people got to show for the four years of Rooseveltism which cost double the cost of four years more of Roosevelt under the New Nationalism?—New York World

Dairying in the South.

Dairying is growing in popularity among the farmers of the southern states. They are learning that the dairy cow can do for the cotton grower of the south what she has done for the wheat grower in the north, i. e., increase the fertility of the soil in addition to making most satisfactory returns for labor and money expended for feed.

The U. S. Department of Agriculture has been giving particular attention to this question in the southern states the past few years and a great service has been rendered. A great impetus has been given to the dairy movement until now there are thousands of influential dairymen singing the praises of the dairy cow and demonstrating by actual experiments that dairying is the salvation of that section of the country.

Certain politicians, in order to create an issue by which they might retain office, have greatly retarded the development of the dairy industry in the cotton growing states by creating the impression there that the interest of the cotton grower are opposed to those of the dairyman. It has been brought about in this way: Cottonseed oil is used in the manufacture of some kinds of oleomargarine. This has been used to prejudice the cotton producer against any and all kinds of legislation which in any way regulates or restricts the sale of oleomargarine.

A careful estimate compiled from government reports shows that through the sale of cottonseed oil which was used in the manufacture of oleomargarine last year, the cotton growers of the south actually received one and one-half cents for every acre planted to cotton!

For every dollar's worth of cotton seed oil used last year in making oleomargarine, one hundred and seven dollars worth of butter was produced in those same cotton growing states.

These are facts which every cotton producer should consider before lending his support to any movement which is intended to retard the growth and development of the dairy industry in the south.

Truth About Maine

Sufficient time has now passed to get the truth from Maine. Authentic reports show that the Democratic factories there were not won principally upon state and local issues as the publican leaders have tried to represent. The most prominent issues were:

Failure of the Republican party to fulfill its campaign pledge to revise the tariff downward, high cost of living, Cannonism, Haleism, questions pertaining to prohibition.

The Democratic congressional candidates promised to investigate and expose the following:

The cost of living as affected by the tariff and trusts.

Extravagance and government expenditures.

The part played Mr. Wickersham in the sale of friar lands in the Philippines.

The amount of money Corblyou and other cabinet members squeezed out of the plutocrats for campaign purposes when Roosevelt ran in 1904, and how much Hitchcock raised for Taft four years later.

The efforts of the trusts and syndicates to grab timber and mineral lands and water power sites and Ballinger's relation thereto.

The reasons why President Taft joins the Guggenheims in denying to Alaska territorial government.

The influences behind the rubber schedule, cotton schedule and wool schedule of the Payne-Aldrich tariff bill.

The part played by national officers in promoting the plundering of the civilized Indians of Oklahoma by lawyers, claim agents and politicians.

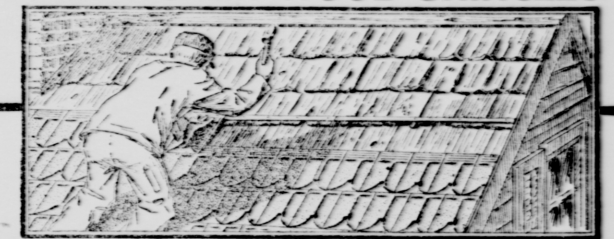

Great Races At Lexington Tots, October 4-14.

The sensational 202 Pace at Lexington Tots, on the fourth day, Friday, October 7, promises to be a record breaker, with such stars as Ross K. 2041, The Ed. 2011, Es H. K. 2021, and Albert Wilson 2024 in the field.

The big 207 Trot, on Thursday, October 13, has the greatest lot of star trotters ever brought together in a purse race, including Bob Douglas 2044, Sterling McKimney 2064, Joan 2064, Major Strong 2071, Wilkes Heart 2064, General H. 2051, Spanish Queen 207, and others.

The 205 Pace on the same day, brings together Major Prince 2054, Evelyn W. 2441, Elban Roberts 2044, Star Patchen 2044, Walter W. 2041-4, R. F. D. 205, Baron Whips 2051-4, and May Day 2051-4.

BUCKEYE.

Dr. J. M. Hendren was in Nicholasville the last of the week.
Miss Ruth Ray left Tuesday to enter the Normal School at Richmond.
Mr. R. C. Broadbent spent a few days last week with parents in Madison.
Miss Fanny Mae Miles, of Louisville, is with home folks.
Mrs. Addie Miller, of Okla., is visiting her parents Dr. and Mrs. G. M. Hendren.

The Lash of a Friend

There would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never coughed at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial bottle free. It's positively guaranteed by R. E. McRoberts & Son.

GILES.

Miss Cora Robinson, of Nicholasville, was the pleasant visitor of Blanche Stotts last Sunday.
William H. Stotts made a business trip to Lexington last week.
Mrs. Ed. Chandler was visiting Mrs. Raymond Davis last week.
Agnes, the handsome little daughter of Mr. and Mrs. Tom Floyd is very sick at this writing.
Mrs. Billy Fain and Mrs. George Fain, of Jessamine were visitors of Mrs. William Stotts last week.
Mrs. Robert Long and handsome little children were visiting her parents M. and Mrs. B. Ray last week. Subscribe for the Record.

It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Buckle's Arnica Salve cured it, sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at R. E. McRoberts & Son.

ET. HEBRON

The continuous rains in this locality are making the Farmers very anxious about their tobacco.
Rev. W. N. F. Jones, of Louisville, closed a series of meetings at this place on the 11th, with thirty for baptism and seven by relation and restoration.
Mr. C. A. Bruce sold to C. W. Johnson his farm for \$500.
Mr. Edd Grow sold to Mr. Jas. speaks two weanling calves for \$37.
Mr. Thomas Montgomery bought of Odus Naylor, a hog, price \$10.25.
Mrs. H. R. Montgomery who has been ill is improving at this writing.
Mrs. A. S. Dean is visiting her son, Mr. Harvey Dean at Bloomfield, Ill.
Mr. A. O. Montgomery sold his farm near Lock No. 8 to Mr. Tim Ford, price \$1,000.
Mr. Jas. Crawford sold to Mr. Will Scott, of Buena Vista, a calf for \$20.
Miss May Scott, of Pink, was with home folks here from Friday until Sunday.
Miss Edith Montgomery, of Bryantsville, was with her cousin, Miss Jennie Lou Montgomery, Saturday and Sunday.
Mr. Henry Taylor, of Chatham, Ill., after a few days visit with relatives here returned home Tuesday.
Mr. G. A. Bruce was with his daughters, Mesdames Georgia and Frank Gaumons in Mercer county a part of last week.
Miss Inez Preston is quite sick.

WORLD'S FAMOUS DYSPEPSIA PRESCRIPTION.

It Drives away Stomach Distress in a few Minutes, Stops Heartburn and Belching.

If you have anything the matter with your stomach you ought to know right now that M-I-O-N-A stomach tablets are guaranteed by R. E. McRoberts & Son to cure indigestion or any sickness caused by indigestion, such as the following, or money back: Sick headache, biliousness, dizziness, nervousness, sour stomach, fermentation of food, belching of gas, heavy feeling at pit of stomach, vomiting of pregnancy.

If your meals don't digest but lie like a lump of lead in your stomach; if you have foul breath and loss of appetite, a few M-I-O-N-A tablets will put your stomach in line shape in short order.

If you or any of your family suffer from stomach trouble of any kind, get a 50 cent box of M-I-O-N-A stomach tablets at once. R. E. McRoberts & Son and druggists everywhere sell M-I-O-N-A on money back plan.

"I was cured of dyspepsia that had assumed the nervous form, by the use of M-I-O-N-A and I praise M-I-O-N-A highly. My trouble got me weak, and nervous so that I could not sleep; the bowels were constipated and I had sharp, shooting pains through the kidney regions, and hard dull, backaches. M-I-O-N-A is worth its weight in gold."—Walter Tebo, St. Clair, Mich.

PRESERVING TIME

"Mercy, no!" sniffed the family imp, exhibiting to the caller a hand wrapped in bandages and a cheek with an extensive burn upon it. "I didn't mangle myself in the ice cream freezer nor run up against poison ivy. What happened? Why, mother took a little vacation, and I did the preserving."

"I have a tender heart," confided the imp, as she rolled her eyes at her twin sisters, who groaned audibly, "so I determined that as mother hated to do up pineapples I alone would perform the task and surprise mother when she returned."

"As soon as I had received the customary postal from mother saying, 'Arrived safe, all well,' I phoned the grocer."

"In two hours four dozen luscious pineapples were dumped on my kitchen floor. It's never my way to say die till I'm dead; but I must admit that that prickly heap of fruit looked to me as formidable as Gibraltar."

However, I got the bread knife, sharpened it on the edge of the gas range and thought how proud of me Algy would be. Algy is my—er, Algy likes me."

The imp tried to blush, but failed.

"All that afternoon," narrated the family imp, "I worked like a harvest hand, whacking off the stubble on the ends of those pineapples. Great purple indentations the size of a pencil appeared in my hands. Then I decided to quit. Even thoughts of Algy could not still the pain of these indentations."

Why, when he came that night my hands were still so sore that he had to massage them for three hours in a quiet corner of the porch.

"The next morning what did the twins do but array themselves in their grandest attire and start on a picnic! They hadn't magnanimity enough to help me in my woe. No, indeed; they sneaked away."

The imp glowered upon them. "By the way, don't pineapple skins stick closer than the shine on your nose? Luckily for me, two tramps came to the back door while I was finishing the skinning, so I gave my last seven pineapples away. If I hadn't, I might not have lived to tell the tale."

"I had started the job with a bombastic flourish of my knife and with hands that looked fit to play the piano. I finished my twenty-ninth pineapple with a towel on each throbbing fist. Toward the end I had knelt on those pineapples to steady them; for I could no more have held one in my mutilated hand than I could have caressed a boa constrictor."

The imp sighed in self pity.

"With considerable wincing, I managed to hold the receiver long enough to phone to Algy. I told him of my plight. He suggested that since I was so completely done up we ought to go somewhere for dinner. I accepted the invitation, but when Algy called for me he had to pin on my hat and lock the doors. The twins—the imp glanced innocently at them—"were asleep in the porch swing when we got back."

"The next day was Saturday and therefore a half-holiday for Algy. I didn't get at the pineapples till he came. He brought with him some patent thing with which he could pull out the eyes of the pineapples as easily as the dentist takes out a tooth. Consequently, by 8 o'clock that evening the eyes were all extracted. The twins had to get dinner. I was too exhausted. Only Algy's flow of conversation enabled me to endure those dreadful pineapples."

"Sunday morning Algy came early. All that remained was to make the sirup and pour it over the chopped fruit. Algy did the chopping. I made the sirup."

The imp felt the burn on her cheek in a gingerly way.

"It's a beauty, isn't it? I was pouring some of the mixture into a jar and Algy happened to be close to me and he—"

"Anyway, there was a pull at my arm, the pan shot up into the air, there was a splash and I screeched my best. Algy caught me in his arms just as I was about to fall. The imp cast down her eyes with a studied effort to appear confessed."

"That very minute we decided to get married in October. On the strength of our blissful understanding Algy sent for his mother to finish the pineapples."

"Mother was gloriously surprised when she came home. But the twins—"

"The imp twirled her diamond ring coyly. "The twins want mother to go away again. They want to try their luck preserving pineapples."

The Utilitarian.

"Helly, Johnny," said the village blacksmith; "I hear your paw has gone into politics."

"Sure."

"How'd that happen?"

"Well, my uncle left him a silk hat and a Prince Albert coat in his will and paw had to do something with them."

Postal Work.

Ascum—Say, what is the difference between a fourth-class and a third-class postoffice, do you know?

Wise—Well, in the former the postmaster always finds time to read all the postal cards himself; in the latter sometimes he doesn't.

LARGE JOB AHEAD OF HIM.

The belated and slightly obfuscated individual with the weary feet walked haltingly up the steps of the two-story brick house and rang the bell.

Nobody appeared, and he hammered on the door.

Then an upper window was raised, and a voice called out: "What do you want?"

"Does Mr. Johnson live here?" inquired the caller.

"No; are you looking for a man named Johnson?"

"Yes."

"Well, I see by the new city directory that you have 8,205 chances to find him. Keep on looking, my friend. Good-night."

Then the window closed with a bang, the inquirer slowly made his way down the steps and disappeared in the darkness, and all was silence save for the occasional exploding of an automobile tire over on the boulevard three or four blocks away.

Man's Duty to His Profession.

I hold every man a debtor to his profession; from which, as men of course do seek to receive countenance and profit, so ought they of duty to endeavor themselves, by way of amends, to be a help and ornament thereunto.—Bacon, "Law Tracts."

HOG RAISERS

Are your hogs worth 5 cents per head? We guarantee.

Bourbon Hog Cholera Remedy

to keep hogs healthy and free from disease for 5 cents per head per month. It cures Cholera, Kills Worms, Stimulates the Appetite, Aids Digestion and causes hogs to fatten very rapidly. Public Sale.

Having decided to sell out, I will, on

TUESDAY, OCT. 11, '10

offer for sale, my farm containing 233 acres with all necessary improvements. This farm is located two miles south of Lancaster on Crab Orchard pike; it being the home part of my late father, David Thompson, said to be one of the best farms in Central Kentucky.

All first-class tobacco and hemp land, never failing water and all in grass. Will also sell 63 acres adjoining farm. This has 2 small houses on it, extra good set of grass and well watered.

If not sold privately before day of sale, I will sell 67 export cattle, 22 good feeding cattle, 2 extra combined geldings, 2 years old; 1 family horse, 7 years old, and sound; 2 mares and colts; 1 yearling filly; 18 hogs; 1 extra milk cow; 2 calves; lot of feed; 2 buggies and harness; 1 new Walter A. Wood Mowing Machine.

TERMS on land, one-half cash, balance in one, two or three years with 5 per cent. Possession given January 1st, 1910.

TERMS on personal property made known on day of sale. Sale begins at 10 A. M.

BOOTH THOMPSON.

Anyone desiring to see property, call on me and I will be glad to show them.

The Hog Argument.

The Republican Convention at Lebanon, which nominated Dr. Gaddie for Congress, constructed rather a remarkable platform for him to run on, says the Elizabethtown news. The last plank is something novel indeed. It relates to what a hog will buy and is as follows:

A 300 pound hog would buy 89 pounds of No. 7 Rio Coffee in March, 1896 measured by wholesale values; it would buy 351 pounds in March, 1910. A 300 pound hog in 1896 would buy 16 barrels of salt; it would buy 36 barrels in 1910. A 300 pound hog would buy 24 pounds of granulated sugar in 1896, it would buy 669 pounds in 1910. A 300 pound hog in 1896 would buy 28 yards of Indian carpet; it would buy 60 yards in 1910. A 300 pound hog would buy 228 yards of Amoskeag gingham in 1896; it would buy 454 yards in 1910. A 300 pound hog in 1896 would buy 159 yards of Fruit-of-the-Loom bleached domestic; it would buy 318 yards in 1910. A 300 pound hog would buy 5 pairs men's vicid shoes, Good year welt, in 1896; it would buy 12 pairs in 1910. A 300 pound hog in 1896 would buy 15 yards of Clay worsted, diagonal, 12 ounce suitings; it would buy 24 yards in 1910. In 1896 a 300 pound hog would buy 600 pounds of galvanized barbed wire; it would buy 1366 pounds in 1910. In 1896 a 300 pound hog would buy 390 pounds of eight penny nails. It would buy 1,721 pounds in 1910. This list could be extended to other farm products but these serve to show the happy and prosperous situation of the farmer under Republican administration and to suggest the sensible way to vote in the future.

Now everybody knows that the price of hogs was about three and a half cents a pound in 1896 and they are now around ten cents or about three times as much. We did not think that because hogs had advanced 300 per cent and therefore ought to buy three times as much in commodities, which have not advanced that the Republican party was entitled to credit for it. We knew that the Republicans had frequently claimed credit for the prosperity for the former which was due to a generous Providence, but we did not know until we saw this platform that it also claimed credit for the increased price in hogs. If there had been a tariff on hogs of course they would have claimed that the tariff put the price up. We do not think that Dr. Gaddie will make any votes on the hog plank.

Women

Women who suffer from female ailments, frequently neglect their trouble, till a general break-down follows. Don't wait till your case is as bad as that—take Cardui in time. It is a safe, reliable medicine, for all women.

Take CARDUI

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side, drawing pains in my legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed 50c. at R. E. McRoberts. 1m.

PAINT LICK.

Mrs. C. E. McWhorter and daughter Mayme spent Saturday in Richmond.

Mrs. Ellen B. Wilson, and little son George have returned from a visit to her brother Mr. W. O. Mays of Richmond.

Miss Minnie Woods of Stanford is the guest of Mrs. W. L. Wallace.

Mrs. Owen McKinney and children of Lebanon, are visiting friends and relatives in this neighborhood.

Mrs. E. L. Woods was in Lexington Tuesday.

Mr. May has a nice line of dry goods and groceries in his new store.

Miss Faulkner of Campbellsville has a position with Mrs. Eiv, as milliner.

Miss Margaret Saunders of Nicholasville is the guest of Miss Margaret Renick.

Mr. George Ballard had two fine horses killed by lightning last Saturday.

SKIN AFFECTIONS

Whether on Infant or Grown Person Cured by Zemo and Zemo Soap. An Unusual Offer.

The R. E. McRoberts & Son Drug Store says to every person, be it man, woman or child, who has an irritated, tender or itching skin to come to our store and procure a bottle of ZEMO and a cake of ZEMO soap and if you are not entirely satisfied with results, come back and get your money. So confident are we of the efficacy of this clean, simple treatment, that we make you this unusual offer.

ZEMO is a clear liquid for external use that has cured so many cases of eczema, pimples, dandruff and other forms of skin eruption. ZEMO and ZEMO soap are the most economical as well as the cleanest and most effective treatment for affections of the skin or scalp, whether on infant or grown person.

TEATERSVILLE.

Miss. Dona Mae East and Miss Mary Stillbourn were the guest of Mrs. Bert Moberly of Madison county Saturday and Sunday and attended services at Salem.

Miss Texie Agee entertained quite a number of her young friends very pleasantly Sunday.

Mr. and Mrs. John Hill of Lancaster were with relatives at this place Friday night.

Mrs. Farris Agee was with her daughter, Mrs. Joe Hendren of Madison county Saturday and Sunday.

Mr. and Mrs. Travis Casey were in Lancaster Wednesday.

Mr. Farris Agee sold to Mr. Grant Sanders two calves for \$30.00.

Mr. Stonie Sebastian sold to Mr. G. O. Sebastian some cattle for 94cts per lb.

The little eleven months old baby girl of Mr. and Mrs. Robert Er ad died with pneumonia Thursday and was buried Friday in the Gilead cemetery. Much sympathy is extended to the grief stricken parents.

A large congregation assembled at the waters of Paint Lick creek near Bradshaw's mill for the purpose of baptism Sunday. There were 111 conversions and they proceeded to the Gilead church-house and received membership.

Back Gives Out

PLENTY OF LANCASTER READERS HAVE THIS EXPERIENCE.

You tax the kidneys—overwork them—They can't keep up the continual strain.

The back gives out—it aches and pains: Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills. Residents of this vicinity endorse them.

Can Lancaster people doubt the following evidence?

Capt. Thomas Richards, W. Main St., Stanford, St., Ky., says: "Many years ago my kidneys began to trouble me. My back became so lame that I could not stoop and I slept poorly at night. Sometimes an almost complete retention of the kidney secretions existed, then again I had a frequent desire to pass them. When the kidney secretions were voided, a burning pain was present. I finally had the good fortune to learn of Doan's Kidney Pills and I commenced their use. This remedy gave me great relief and in view of my experience, I consider it the best preparation of its kind I have ever taken. I have recommended Doan's Kidney pills to scores of people and everyone has reported that good results have followed their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A JUDGE ON TOBACCO BEFORE CHURCH CLUB

At Louisville Justice O'Rear Makes Striking Talk On Burley Pool.

Justice E. C. O'Rear of the Kentucky court of appeals took "The Tobacco Situation" as the subject for a striking address before the Men's Club of the Crescent Hill Presbyterian church in Louisville. The serious light in which he regards the organization of growers is shown in the declaration, "If the farmers are not prosperous, there is not a town in Kentucky except Louisville that could stay on the map longer than it would take the railroads to move the citizens away."

Kentucky's Rich Monopoly. "Kentucky needs more money," said Judge O'Rear, "and people are not going to give it to us. We have been inviting foreign capital ever since I have been big enough to read the newspapers, but it either has not received the invitation or has been busy elsewhere. Kentucky produces 75 per cent of the burley tobacco of the world, and more tobacco of all kinds than any equal territory. Tobacco grown elsewhere is no more Kentucky tobacco than blue grass is Kentucky bluegrass when grown in Missouri. Horses can be raised wherever a man can, but there is no thoroughbred like the one bred in old Kentucky. So there is something in this domain, chosen by our forefathers for a home, when they had the whole west to choose from, that is conducive to the production of tobacco. Practically we have a monopoly of its production.

Efficacy of Organization. "There is nothing in that muddy stream called the Ohio river that makes it natural for people living north of it to be more successful. And there is no reason why Indiana and Illinois and Ohio should grow richer every year while Kentucky barely holds her own, unless it is because they are given a protection that Kentucky is not." Judge O'Rear declared that he felt it was permissible for any man interested in establishing Kentucky where she was 50 years ago among her sister states to concern himself with the great movement of organization which has the approval of the legislature, the press, the courts and the constitution, and is similar to organizations which were approved by the predecessor of the present president of the United States.

THE FINAL ANALYSIS.

(Shelby Sentinel.) If the tobacco grower does not today pool his 1910 product there is but one reason for it. It can be described in a single word. It is an ugly one too, and one that we hate to utter or to give place to in our minds. Yet it is the only one that will stand the test of a diagnosis. That word is selfishness. Now that we have split it out, let there be none to believe that The Sentinel is any the less sincere in its friendship to the tobacco grower. It is by reason of our intense love for the farmer and his interests, which are a part of our own, that we have forced ourselves to this extreme statement. In the hope that the evil may be corrected and cured while there is time.

To repeat again, let the days for profitless discussion of the good things done by the pool be ended. The proof is too abundant and patent for argument.

The question, and the only one, that is up to the farmer today is, will you pool your crop? If you still insist on argument and angry discussion, let us add, tell your troubles to the marines, we'll none of them. Pool, pool, pool your crop. The crop of 1910. That's all.

A WARNING TO "INDEPENDENTS."

(Cynthiana Log Cabin.) The issues are made up and the intelligent farmer can not fail to realize that he is in the most serious position he has ever occupied. He can pool his crop and thereby help insure a good market for years to come, or he can sell out to the trust and help kill the goose that lays the golden egg.

There are thousands of farmers who think they can sell out and not affect the general result—farmers who are willing to take the chances on some one else keeping up the market. It remains to be seen whether the majority of farmers will do their duty to themselves and their neighbors, or will hold out and let the pool go to ruin.

We have no words of abuse for the independent, and we believe we have never applied the word "dumper" to the outsiders. But we want to warn these independents that they are doing all in their power to ruin the tobacco market for years to come and that they will succeed in doing it unless they quickly join the pool in large numbers!

Each independent can do more than any old pooler because every time an independent joins he is followed by four or five old poolers who have been "waiting on the independents."

We want to urge the independents to quickly join their neighbors and insure the success of the pool. A few more weeks and it may be everlastingly too late!

Holds Office for Life. An alderman of the city of London holds office for life.

A Man of Iron Nerve. Indomitable will and tremendous energy are never found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the matchless regulators, for keen brain and strong body. 25c at R. E. McRoberts & Son, 1m.

Plea for Tolerance. Think not that thy word and thine alone must be right.—Sophocles.

"Mound-City Paints may cost a trifle more, but"—C. C. & J. E. Stormes."

Public Sale.

As administrator of the estate of David Chenault, deceased, I will offer for sale publicly on the premises on Irvine pike, one mile from Richmond, at ten o'clock a. m., on

Wednesday, Oct. 5, 1910

The beautiful suburban home and about 30 acres of land. This land is as fertile as can be found anywhere in the State of Kentucky and would produce the finest tobacco. On this land is a modern eight room residence with all necessary outbuildings and abundance of fruit and water. At same time and place will also sell household and kitchen furniture, some hay, corn and farming implements, carriage, cow, etc.

TERMS:—The real estate will be sold one-third cash, balance in one and two years, interest at rate of six per cent from date until paid. Personal property \$10 and under, cash; over \$10 payable Jan. 1, 1911, without interest.

Possession will be given on day of sale if desired. For further particulars call on Mrs. David Chenault, at the farm, C. F. Chenault, near by or write J. W. Elmore, adm'r., Lancaster, Ky.

Long Tom Chenault, Auctioneer. 9-16-36

Indicted For Cutting Telephone Wires Of The Bastin Telephone Company

Special to The Record.

Danville Ky., Sept. 27th.

Four of the most sensational indictments ever returned by a Boyle county grand jury came this afternoon when R. P. Chase, Horace Cann, Ernest Wallinger and R. P. Sheftel, all of Harrison, Tennessee, were indicted on the charge of destroying three miles of the telephone lines of the Bastin Independent Telephone Company between Hedgeville and Hubble on the night of April 20. As will be remembered the lines were cut down and an investigation proved that the dirty work had been done by experts who had visited the property in the dead hour of night and cut the wires quickly. It was learned that the men were in rubber tired buggies. They began cutting at either end and wound up by meeting in the middle and then fled. It cost a large sum of money and a delay of almost a month before talking over over the line could be resumed.

As is known, the private independent lines of the Kentucky Advocate were cut down several months ago by order of the East Tennessee Company. It is a certainty that strange men from Tennessee would not personally single out the Bastin lines and come all the way to Boyle county and cut them down as a matter of pure pastime. The men will be arrested as soon as possible and the general belief is that they will lay the entire plot bare.

Jefferson School of Law.

On October the first, The Jefferson School of Law of Louisville Kentucky will be open for the session of 1910-11.

Having been a student in this school for the past two sessions we naturally feel a deep interest in it and desire the young men of our county to know something of the advantages this splendid institution offer. Every man would do well to study law even tho you never intend to practise, for no matter what business you are in, there comes a time when your legal knowledge is a benefit to you. The Jefferson School of Law offers each and every individual who is possessed of a good character a strong body and an unlimited amount of push and hustie, the opportunity to go thru a good law school. No matter if you haven't one cent of money, if you are determined you can get a position in the city of Louisville and work during the day and attend school at night from seven to ten. Before you start you may think that you will never in the wide world find time to study your lesson, however after you delve into the mysteries of the law for a few weeks you find your yourself studying every spare moment. If you have money to spend on your education and don't have to work your way thru; still this school offers great opportunities for you are associated with the shrewdest lawyers and the most learned Judges that the State of Kentucky produces and you are allowed to attend the courts during the day. We will ever feel indebted to this school and to the splendid faculty for the benefits your editor has reaped and shall always have a good word to say for the old school.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Official and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa. 9-9-5t.

What A Famous Editor Says.

The editor of the Taylor-Trotwood Magazine wrote to one of his friends these words, "You asked me to notify you if I saw an opportunity for a safe investment, I have it for you. I never knew until now what a good opportunity for a money making investment this magazine afforded. You asked me to let you in on the ground floor and I am doing so".

This same opportunity is given all who desire to be a stock holder and a Life Subscriber to the Taylor-Trotwood Magazine. One share of stock par value \$10.00 and a perpetual subscription to the magazine, both for \$10.00

Let us have your order now. This opportunity is limited.

Write: Taylor-Trotwood Publishing Co.,

We will have on

display all the latest East-

tern Patterns

as well as home Creations.

ANNOUNCEMENT

--- OF ---

J. H. Baughman's

Horse and mule exchange at his home just sold in Stanford, Ky. Sold out to do more business and not to quit business.

I have just returned with 5 car loads of mares and geldings of all sizes from Shetland ponies to half draft mares, 1 to 5 years old, that will weigh 1,200 to 1,400 when matured, just the kind to raise high priced mules, this I know from actual experience.

- 15 Yearling 1-4 to 1-2 Draft Fillies.
- 20 2-year-old 1-4 to 1-2 Draft Mares.
- 40 3 to 5-year-old 1-4 to 1-2 Draft Mares.
- 10 3 to 4-year-old 1-4 to 1-2 Draft Geldings.
- 10 General Purpose Geldings.
- 20 General Purpose Mares.
- 30 Branded Ponies and Several Shetland Ponies.

I will close out or put into winter quarters all unsold. These horses and mares were bought in Illinois, Missouri and Montana and two-thirds of them were branded but were raised under fence and will handle kind and gentle.

PRICES FROM \$15 to \$200.

I will close out or put into winter quarters all unsold by Nov. 15, preparatory to going to Atlanta to engage in the mule business until April 15, 1911. Will then return and prepare for my annual sale of Mules and Broodmares to be held next September. As I only bought these to eat a surplus of grass will exchange any of them for any other stock to graze, especially mules and cattle. Am always in the market for high-class mules and cattle.

J. H. BAUGHMAN,

Phone 46 and 116, Stanford, Kentucky.

Farm and Stock.

Mr. J. A. Bratton sold to Mr. Jas I. Hamilton, a good saddle horse for \$200.00.

The Minnesota Experiment Station has found that April and May hatched pullets makes the best winter layers.

The turkey crop of the United States last year was about 6,500,000 head, of which Missouri produced 456,000.

In the year ending June 30, 1910, there were exported from the United States 30,822,374 bushels of corn, against 35,553,412 bushels in the year preceding.

Col. J. P. Chandler sold on Saturday for Tinsley Spoonamore the latter's place near Preachersville, of 110 acres to A. T. Nunnally of Stanford for \$3,500.

Mr. J. H. Baughman of Stanford was in town Court day. He has just returned from a trip through Ill. Mo and Mont. where he bought five carloads of extra fine draft bred mares, and colts.

J. J. Moser sold last week his farm of 130 acres in the Turnersville section to S. L. Sandusky of Lincoln Co. at \$100 an acre. Mr. Moser bought this place about six months ago for \$80 an acre.

Do not hold cockerals for market too long after they reach the weight of four or five pounds; the price per pound generally goes down and you are feeding away your profits. It is easy to do this. It is up to you to get your money out of them at the earliest opportunity.

A young turkey is like a cat; its power of recuperation is remarkable. You are never sure that it is dead. They can often be picked up to all purposes cold, inert corpses, and held in hands and warmed, and then comes a gasp and a return to life and the bird is quite ready for breakfast in the morning.

According to figures compiled by the Government Crop Reporter the combined receipts of eggs during the month of August, 1910, at six leading markets, including Boston, Chicago, Cincinnati, Milwaukee, New York and St. Louis were 910,622 cases. The receipts at the same markets during August, 1909, were 931,379 cases.

Georgetown Court—Monday was Court day at Georgetown with 350 cattle on the market; 1,000 pound feeders were sold for \$5.25 per hundred yearlings at from \$4 to \$5 a hundred; calves from \$15.50 to \$16.50 each, and yearling heifers from \$16.50 to \$17.50 apiece. Mr. Peak also sold 125 weaning mules ranging from \$50 to \$110 each—Times.

A farmer writes from Salina county, Nebraska: "Our apple orchard is on thin land and was badly neglected when we bought the place. After two years of heavy applications of stable manure we made that old orchard yield at the rate of 1,600 bushels of apples per acre in one year." The trees were so close together, however, and the yield so large that they were greatly weakened. We then took the hill by the horns and cut out every other tree and are going to have splendid results this year."

The udder of a cow has a good deal to do with her value as an economical producer. An ideal udder should not be too large, but should have sufficient capacity to allow the continued growth of the cells necessary in the manufacture of milk. The udder should be evenly balanced in front and behind and should be covered with soft, velvety hair and be free from blemishes and fleshiness. It should extend well forward and well up behind and the teats should be evenly placed.

Humus is a variable, infinite sort of matter, difficult to classify, chemically complex, sometimes highly nitrogenous and sometimes nearly nitrogen free, composed of mixed animal and vegetable matter—mostly the latter in its intermediate forms of decomposition, but not complete.

A little green corn will help out amazingly when the pastures get short these hot, dry days. Care must be used in feeding it, but it is doubtful if it can be made to bring a bigger profit than when fed green as a supplement to falling pastures. And you get full value for the entire crop when used in this manner.

It takes two-thirds of all the good cow eats to keep her alive and without loss of flesh, and the other third of ordinary good rations to enable her to give milk. The expense of two-thirds of the money earning rations has to be incurred when the cow is earning nothing.

Angora goats of both sexes will sometimes breed when five months old, and often at six months, but on the fact that they are at this age but a month or two from weaning time and are not nearly full grown, it is obvious that they should not be permitted to breed.

With native grass lambs or with lambs fresh from the range country, it would not be advisable to begin heavy grain feeding when first placed in the dry lot, as an abrupt change is not conducive to the best health nor to the best future gain with any class of animals.

With the present short pastures and promised advent of extremely dry, hot weather, it must be remembered that now is the opportune time to feed the sweet fodder corn we urged you to plant through these columns last spring for soiling purposes.

Does it pay to use manure at the rate of 45 or 50 tons per acre? This depends largely on the cost of manure. In many instances the cost of hauling far exceeds the first cost of the manure. Much of the manure used near the large cities is had for the he ling, while it is the exception, rather than the rule, that it costs more than 50 cents a ton. At this price or less a grower can well afford to make rather long hauls and to use the manure freely, especially for such crops as lettuce, celery, onions and other crops grown by intensive methods.

A man who is content with a cow giving 3,000 pounds of milk is a man who does not understand the first principles of the economics of dairy work; and, until the dairymen of this country wake up to the fact that it is possible to get cows giving 6,000, 8,000, 10,000 and 12,000 pounds of milk in a year, they cannot hope to compete with the dairymen of Denmark and other countries.

Dried milk powder has been fed to milk cows with some success at the Kansas experiment station. The milk powder is a byproduct in the manufacture of milk sugar and contains a very high per cent. of protein. One hundred pounds of skim milk makes nine to ten pounds of the milk powder. This preparation has also been used with success as a poultry feed.

A considerable amount of the nutrient in the corn fodder is lost each year because it is allowed to become too ripe before it is harvested. Good fodder, cut at the right stage, and well cured makes one of the best feeds for winter, but its value may be easily greatly lessened by improper management.

As most people are not familiar with sheep breeding and feeding, their first question when their interest has been awakened is, What is the best breed? This cannot be answered off-hand as it will depend upon the farmer's likes and dislikes, his locality, his market and the available feed supply.

Corn fodder and sorghum fodder have about the same amount of carbohydrates, but the corn fodder contains 3.7 per cent. protein while sorghum fodder contains only 1.5 per cent. Sorghum, however, is a very good feed, is easily grown, resists drought and is relished by all farm animals.

The queen is simply the mother bee. The authority is in the work. Their co-operation is perfect. Their aim is the perpetuity of the race. To this end, if a queen becomes inefficient through age, they drag their mother out and kill her, and raise a new queen.

There is more profit in one hen that lays eggs in November and December than in one dozen that lay their best in April and May and none in the fall. Push your early pullets for all that is out, so as to get them to laying this fall.

Granulation improves the appearance of any quality of honey and never fails to give it a lighter shade. It also has a tendency to drive from it any wild taste and make it a purer sweet. In this condition it is in the best possible shape for keeping any length of time.

A great many people set peach trees too deeply. The ground should be plowed very deep, but the holes for the trees should only be deep enough to cover the roots well.

There is a growing tendency in favor of large hives for the production of both comb and extracted honey, and there is no gainsaying the fact that these large hives do hinder the swarming impulse.

Pear-blight very often affects apple trees; and whenever it is discovered every particle of the diseased parts should be cut out, or if very bad, the entire tree should be burned.

Many farmers imagine that they are saving money when they breed to a seven or eight dollar horse, but the truth is they are losing five or six times that amount.

It is not wise to be all the time dishing stock with medicines the nature of which we do not any of us understand very well. Nature is the best doctor.

It always pays to keep waxed ends and other articles of repairs about the barn, for "a stitch in time saves nine" with a harness just as well as in other places.

Sheepmen of the west figure that the wool pays the entire cost of handling a flock, or band, and gives good interest on the investment.

Don't make it a rule that each horse should be fed so many pounds of grain per day and so much hay, because it won't work.

After the pigs are a few weeks old it is well to have a pen in which they can go; and provide them with mid-dlings and cracked corn or milk if you have it.

Farm work horses are apt to be neglected at this time of the year, because of the general rush of farm work.

A sow that produces and raises eight to ten pigs is worth a great deal more than one which gives only three or four.

The Platitudes of Acquaintance. An acquaintance is a being who meets us with a smile and salute, who tells us with the same breath that he is glad and sorry for the most trivial good and ill that befalls us.—Hawkesworth.

A Real Bohemian. Scot—"A bohemian is a chap who borrows a dollar from you and then invites you to lunch with him." Mott—"Wrong. A bohemian is a fellow who invites himself to lunch with you and borrows a dollar."

LOOKING FOR A HUSBAND

"It's just like I always said it would be," declared Mrs. Birkin. "Just give me one of them washed-out blondes for ketchin' a man every time!"

"I says when her first husband was sick and her carrying on so, 'You just wait,' I says, 'for all she acts like she's so put out about his being sick, if he should take a notion to die,' I says, 'I wouldn't be long before she married again.' And never a truer word was spoke."

"Nobody needed to tell me that she was up to some of her tricks when she moved into that house next door to him. She was sending him a pie or some cookies or something every time she baked. Why, I was livin' neighbors with him and his first wife for's much's ten years and I never offered to do more'n bake a loaf of bread for him twice a week or run in and fix things up for him every day or two. But then I'm not the kind to run after men. What I done was done out of charity, you might say, because I knowed his first wife and had been livin' neighbors with him for's much's ten years and I never offered to do more'n bake a loaf of bread for him twice a week or run in and fix things up for him every day or two. But then I'm not the kind to run after men.
